## Insurance & Risk Management Solutions for the Private Security Industry

### OUR DIFFERENCE

Any Brokerage can offer insurance. Turner Surety and Insurance Brokerage, (TSiB) is one of the top 100 Brokers in the nation. Our knowledge of the Security Industry provides our clients with the preventative strategies and resources necessary to outperform their competition. We take a detailed dive into your current operations and provide a personalized risk management program with cost saving insurance solutions.

### OUR PHILOSOPHY

We are driven to create successful outcomes for our clients, and it starts with our greatest asset — our people. Through hard work, integrity and industry acumen your business is at the forefront of all the work we do. We are with you all the way.

### OUR APPROACH

We recognize your risk is unique to your business. Which is why our team completes a thorough analysis of your operations to identify those risks. Through our preventative resources & strategies, we are able to develop a risk management program that fits your specific needs. TSiB's proactive approach allows our clients to keep their competitive advantage year after year.
